The Soldiers' Monument

On a large granite boulder in the center of the town of Hampstead stands the bronze figure of a soldier, guarding the cemetery adjacent to it, and the town around. For fifty-one years his bold face has watched the people of Hampstead hustling about their daily work without the slightest inclination of his presence.

What tales he could tell of the changes of this very typical small New England town. He could relate to us the fascinating transformation of transportation, as the sleek new automobiles of today took the place of the old "horse 'n buggy." His report on the great day the main street was coated with a thick layer of a heavy, black substance, which gave the whole town a very different appearance, would be very interesting.

Yes, the grave statue would tell us many wonderful yarns about our little town if it could. But, instead, its bronze figure can only stand silently with his musket in his hand, symbolizing all those men who enlisted and fought, during those four years between 1861 and 1865, for a cause often forgotten by many, but very important to all.

The people of Hampstead realized how important it was to them that these men died defending a common cause. On May 30, 1906, they erected this bronze, life-size statue of a Civil War soldier, upon the fifty-ton granite stone, given to the town by Francis H. Sawyer. The lot for the statue was donated by Mr. Andrew M. Moulton. The town collected a sum of \$1,088.75 and when the monument was erected and completed, the balance was thirty-four cents. The memorial was dedicated by Reverend Walter W. Woodsum, and Doctor G. R. Bennette, following the annual Memorial Day services.

But what is to be done, now? Have we paid our tribute because our great-grandparents raised the funds for the

statue? Shall we leave it as a happening of the past? No! That figure now stands as a remembrance; a remembrance of every name engraved upon the stone tablet beneath. It stands as a symbol and a reminder of the sacrifice of many for freedom and for "peace and good will unto all men."

NOTICES

Inventories are mandatory. They must be filed with the Selectmen on or before April 1st.

The Selectmen will meet the first Saturday of each month at 8 P.M. at the Fire House.

The Planning Board will meet the last Sunday of each month at 8 P.M. at the Fire House.

VETERAN'S NOTICE

All applications for veteran's exemptions must be in the hands of the Selectmen by April 15th.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampstead on Tuesday, the Twelfth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$6,150.00
Protection of Persons and Property	2,710.00
Health	1,130.00
Highways and Bridges	8,200.00
Libraries	1,100.00
Public Welfare	4,500.00
Patriotic Purposes	100.00
Public Service Enterprises	1,350.00
Unclassified	300.00
Interest	100.00
County Tax	6,000.00
	<hr/>
	\$31,640.00

3. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

4. To hear reports of Auditors and Committees and to act thereon.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public auction acquired by the town through Tax Collector's deeds.

6. To see if the town will vote to raise and appropriate the sum of \$225.00 for the observance of Memorial Day, and what method they will adopt to expend the same.

7. To see if the town will vote to raise and appropriate a sum of money to place a street light on Main Street, at the location of the residences of Lincoln Drake and Clarence Collette. By Request.

8. To see if the town will vote to raise and appropriate a sum of money to place a street light between the residences of Douglas Knight and James Kelly, on the East Road. By Request.

9. To see if the town will vote to raise and appropriate a sum of money to place a street light near the residence of Arnold Rivers on the Stage Road. By Request.

10. To see if the town will vote to raise and appropriate the sum of Sixteen Hundred Dollars (\$1600.00) to reconstruct and tar the Hampstead Handle Road.

11. To see if the Town will grant the Greater Hampstead Civic Club, Inc., permission to erect a building on town property in the rear of the Town Hall; the building to be 16 x 30 feet, appoximately; to be used for the storage of club property and any other suitable use. By Greater Hampstead Civic Club, Eugene M. Getchell, Pres.

12. To see if the town will vote to raise and appropriate Five Hundred dollars (\$500.00) to recondition and protect the ball field. By Request.

13. To see if the Town will vote to raise and appropriate a sum of money not to exceed Six Hundred dollars (\$600.00) for painting the Public Library. Trustees of Library.

14. To see if the town will vote to raise and appropriate a sum of money, not to exceed One Thousand, Seven

Hundred Thirty dollars (\$1,730.00) for the purchase of a new snow plow and attachment.

15. To see if the Town will vote to raise and appropriate the sum of \$135.00, to cover Water Hole at McGilvery's, East Hampstead.

16. To see if the town will vote to authorize the Selectmen to correct typographical errors in Articles 25 and 26 as printed in the Town Warrant and adopted by vote at the Annual Town Meeting on March 13, 1956.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and fifty-seven.

GEORGE L. CHASE

W. G. EWING

DORIS M. SPOLLETT

Selectmen of Hampstead

A true copy of Warrant—Attest:

GEORGE L. CHASE

W. G. EWING

DORIS M. SPOLLETT

Selectmen of Hampstead

The polls will be open to vote for town officers from 10 A.M. until 9 P.M. The appropriations for the money to be raised will be during the evening hours, beginning at 8 o'clock.

The following amendments to the
BUILDING and ZONING ORDINANCE
were adopted at the

Annual Town Meeting, March 13, 1956

The Board of Selectmen were authorized to appoint a Building Inspector, said person to be a resident of the town, qualified to administer the terms of the Building and Zoning Ordinance, but not actively engaged in construction work, property development, or real estate sales in the town, or other activities where an opinion may be biased.

Article II, Section V was amended to read as follows: A Building Inspector, appointed annually by the Selectmen, shall be the administrative authority to issue permits for the erection, moving, alteration, or repairing of buildings, or structures, and shall perform other duties concerning the Building and Zoning Ordinance as may be specified by the Board of Selectmen.

Article II, Section VI was amended to read as follows: The applicant shall pay a fee for the issuance of a permit based on the full value of the project involved, said fee to be retained by the building inspector as compensation for his services. Fees shall be in the following amounts: Less than \$1,000.00 in value—\$2.00; \$1,000.00 to \$5,000.00 in value — \$5.00; over \$5,000.00 in value \$7.00.

The building inspector may eliminate the fee if in his opinion, the size of the project does not warrant such payment. If a conflict occurs regarding the value of the project, the value determined by the assessors shall be final.

Article II, Section VII was amended to read as follows: It shall be the responsibility of the applicant and builder, whose name will appear on the permit, to adhere to all sub-

mitted plans and information for which the permit was granted.

Article II, Section IX was amended to read as follows: No land shall be used for a motor vehicle junk yard. No land shall be used for a dump, or for the storage of abandoned vehicles or discarded materials of any kind, in a manner that is disorderly, unsightly, noxious, or detrimental to the public, or prejudicial to the general welfare. The selection of a public dumping place maintained or designated by the Board of Selectmen, shall not be affected by this regulation.

The following amendment was adopted to be known as Article II, Section XII: "Building lots in Zone "A" shall contain a minimum of 20,000. square feet with no dimension less than 125 feet. Waterfront building lots in Zone "B" shall contain a minimum of 7500 square feet with no dimension less than 75 feet. Building lots in Zone "B" other than waterfront lots shall contain a minimum of 9000 square feet with no dimension less than 90 feet. Lots shall be rectangular in shape whenever possible."

The following amendment was adopted to be known as Article II, Section XIII: Only one dwelling, and the usual accessory buildings shall be built on one lot. Included with each existing dwelling and the usual accessory buildings, shall be a specific parcel of land, suitable in size and shape to conform with existing regulations, wherever possible.

Article III, Section XII was amended to read as follows: Installation of plumbing must comply with New Hampshire State Laws and Regulations. Sewerage must be disposed of in septic tanks of proper size and its location and drainage system shall comply with New Hampshire State Laws and Regulations.

Septic tanks and disposal systems must be located 75 feet from any existing well, 75 feet from public waters and 75 feet from any dwelling other than that to which they are attached, unless authorized otherwise by the Board of Health. Replacement of sewerage systems shall comply with this section.

TRAILER REGULATIONS

Authority was granted to the Selectmen to issue temporary permits to owners, renters, users, or occupants of house trailers or mobile homes, so called and others whose intent is to park, or occupy, or both, said trailers within the confines of the town. Permits shall be issued for a period of no longer than one year, and shall be granted only after due consideration to the health, safety, prosperity, morals and general welfare of the town and its inhabitants. Upon passage of this article, it shall be unlawful to park, or occupy, or both, a trailer as stated in the town without a permit. This regulation shall cease to exist when more trailer regulations are adopted.

(Passed March 13, 1956 at the Annual Town Meeting.)

DID YOU KNOW THAT — The first school building of District No. 2 was situated where the Civil War Monument now stands?

DID YOU KNOW THAT — About forty years after the end of the Civil War, the Town erected a monument to the memory of those veterans; two years after the close of World War I, a monument was erected to honor those veterans. Nearly twelve years have elapsed since World War II ended, and no permanent monument has yet been erected for these veterans?

BUDGET OF THE TOWN OF HAMPSTEAD, N.H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1957 to December 31, 1957. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1956 to December 31, 1956.

The Essay on Page 3, "The Soldiers' Monument," was written by Miss Ruth Barnes, a senior in Hampstead High School. It was chosen as the winning Essay in a contest by High School students.

The five judges had some difficulty in choosing among the fine papers submitted. Until press time for the Town Report, Mr. Greenlaw, the High School principal, was the only one to know who the writer of the Best Essay was.

Honorable mention should be given to Caroline Ells, a Senior, and David Dustin, a Junior.

DID YOU KNOW THAT — The Steeple of the Town Hall was erected in 1793. During the construction there was consumed a barrel of cider and over ten gallons of rum?

DID YOU KNOW THAT — About seventy years ago there was a three and one-half story shoe factory situated across the street from the Hampstead Church?

DID YOU KNOW THAT — In 1793 the cost of building the stairs in the Town Hall was two pounds?

REPORT OF THE FIRE ENGINEERS

In the past year we had eighteen calls: three chimney fires, four grass or woods fires, two motorcycle fires, two flooded oil burners, one call for fat burning on stove, one outing hall at Sunset Lake, and one major house fire on East Road. We had two out of town calls, one each at Sandown and Danville.

One new water hole was dug and boxed in on Central Street, on Perry Miles property. This water hole was dug in the extra dry season and after completion was about two-thirds full of water. This will be a great asset to Central Street residents.

This has been our first full year under the dial system telephone, which has given our Red Network system a real work-out. We have encountered two difficulties with this system which could be corrected if people calling would take time to call correctly.

1. East Hampstead residents under the Newton Exchange should dial operator and say, "Emergency Fire, HAMPSTEAD FIRE DEPT.

Do not say just Fire Dept. as the operator will give you the Newton Fire Dept. and this will cause a delay in receiving help.

2. We have received many calls because some one has dialed the wrong number.

I would like to take the opportunity to express my appreciation to the people that have red network telephones in their homes and the efficient way that they handle the fire calls.

During the past year I have inspected and issued twenty-one permits for the installation of new oiling burning furances.

I would like to thank all the engineers, firemen, selectmen, other fire departments and anyone else who has aided the fire department in any way.

ALFRED H. BRICKETT,
Chief of the Board of Engineers

REPORT OF THE POLICE DEPARTMENT

1956 was the busiest year we have had, consisting of considerable traffic duty, checking camp property, accidents and some private duty.

Our Relief Association is still functioning and through this source we purchased winter coats for some of the men.

We used \$25.00 of our appropriation for the purchase of traffic light bulbs and for red flares to be used at accident scenes.

At this time I wish to thank each officer, selectman, other law enforcement agencies and any one else who has aided the Department in any way.

R. ARTHUR JOHNSTON,

Chief of Police

	29—Rudolph E. Curry—New cottage—Rte 111, Hampstead	8,500
Nov.	12—Sidney Lipman—Addition to present cot- tage—Sunset Lake	2,500
Dec.	1—M. Murray and Mrs. Harold Tenney—Ad- dition to present cottae—Harris Ave., Sunset Lake	4,500

REPORT OF ROAD AGENT

All tarred roads in town were sealed except the road leading to Ells Grove. The Wash Pond road was completed with a mix in place job. All dirt roads (town and camp) were graded twice. I removed around 25 large rocks which were being forced up through the tar on Brown Hill road. Brown Ave. and a short strip at Harris Grove was tarred by the camp owners. Next year the new piece on Wash Pond road and the road leading to Ells Grove will be sealed. A new snow plow and wing equipment is badly needed

because of the fact that much of Route 111 will have to be plowed by the town in the near future and the present plow and equipment being worn out.

CEMETERY TRUSTEES REPORT

The town has five cemeteries in use: West Hampstead, Pine Ridge or Carter Cemetery in East Hampstead, The Old Cemetery in the center of town, Lakeview on Kent Farm Road, Hadley Cemetery on Central Street. The other three Cemeteries, namely, Plaistow Road, Hampstead Handle and East Road, are not used now.

We are gradually accumulating more information toward a set of more complete records.

REPORT OF THE DIRECTOR OF CIVILIAN DEFENSE

During the past year the local Defense Organization participated in two alerts.

Fine cooperation was given by Defense personnel and public alike.

A two-way Mobile Unit has been installed in the Civil Defense Director's car through the cooperation of the County Sheriff's Department and Federal Government, at no cost to the town.

This two-way radio system will serve in communicating with Concord, N.H., immediately in case of interrupted telephone service due to any emergency.

Thomas H. Root, Ground Observer Director, has requested more volunteers for "ground observer" duties.

Volunteers are asked to report to Mr. Root for instruction.

As Director I wish to thank all members of the Local Defense Organization for their cooperation.

Respectfully submitted,

JONATHAN H. WENTWORTH,

Director of Civil Defense

REPORT OF THE LIBRARY TRUSTEES

Your Library Trustees are again pleased to report increased use of the Library, and are hoping that some plan may be worked out to make it still more accessible to our school young people.

Some additions and changes have been made in magazines, and a number of new books have been added, with special attention to reference books useful to High School students.

The building improvements include the continuation of the combination window project, seven being completed with five to go; the laying of rubber matting in heavy traffic areas to protect our newly finished floors; and in process, a new case for magazines and an additional book case for the childrens' room. The outside of the building is badly in need of paint, and we hope for favorable action by the Town Meeting on an appropriation for that purpose.

We continue to receive fine cooperation from the State Library Commission. Last May we were the hosts for a district meeting of Librarians and Trustees representing Atkinson, Chester, Epping, Hudson, Plaistow, Litchfield, Salem and Hampstead. Miss Catherine Pratt, former Assistant State Librarian, now retired, and Mr. Gardner Soule, State Extension Librarian, conducted an interesting and helpful program.

We acknowledge, with thanks, several fine gifts of both books and magazines by friends in town.

Respectfully submitted,

MARION WRIGHT

LIBRARIAN'S REPORT — 1956

In presenting my yearly report for the Hampstead Public Library, I wish to thank all those who have donated magazines and books during the past year. Among the magazines given us were several years copies of the National Geographic. These are used extensively by the Central School students and we are grateful to Mr. Ralph Green, who so graciously donated them. Mr. Ralph Kelly deserves our thanks for several magazines on photography and outdoor sports, which he has been donating for a number of years.

We have a need for more reference books in our Library. Recently the Trustees purchased two fine books, which are a great asset to the Library. These books are "Twentieth Century Authors" by Kuntz and Haycraft and "Twentieth Century Authors—First Supplement" by Kuntz. We appreciate the reference books which were so kindly donated by the following: Miss S. Evelyn Taylor, Miss Barbara Taylor, Mr. Laurence Cornwell and Mrs. Lora Sinskie. Space does not allow me to list all the names of those who donated magazines and books during the year.

In May we had the pleasure of entertaining the Librarians and Trustees of the surrounding towns at a Neighborhood Meeting at the Library. The towns of Plaistow, Salem, Atkinson, Hudson, Windham, Epping and Kingston were represented. Miss Catherine Pratt and Mr. Gardner Soule of the New Hampshire State Library were present to participate in the program. Delicious refreshments were served by the Trustees. Many favorable comments were made by the guests on the appearance of the Library; most outstanding were the remarks of Miss Pratt concerning the beauty of our floors.

On June 17th Miss Pratt ended her services as Assistant Librarian of the State Library. In recognition of her twenty-three years service she was tendered a reception at the

State Library. Among those who were present to greet Miss Pratt were Gov. and Mrs. Lane Dwinell. Two dozen American Beauty roses and a sum of money were presented to Miss Pratt. She was also awarded a life membership in the Parent-Teacher Association by Mrs. Bertram Hadley, State President. Your Librarian attended the reception.

At present we have 356 enrolled on the borrowers list. If your name is not on this list we cordially invite you to visit the Library and become a borrower.

We appreciate the interest the Hampstead teachers have shown. Young people are urged to visit the Library and make more use of the room provided for them.

In conclusion I wish to express my sincere appreciation for the wonderful cooperation extended by Mrs. Marion Wright, Mrs. Pearl Cornwell and Mr. Lincoln Drake, Trustees of the Hampstead Public Library.

Respectfully submitted,

BERTHA L. WHITENECK

ANNUAL REPORT

of the

SCHOOL BOARD

of the

TOWN OF HAMPSTEAD, N. H.

OFFICERS OF THE SCHOOL DISTRICT OF
HAMPSTEAD

BOARD OF EDUCATION

<i>Name</i>	<i>Term Expires</i>

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March 1957, at 7:00 o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the esti-

mated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. To see if the Hampstead School district will vote to petition the State Board of Education to become a part of a cooperative school district for the education of the secondary school children (grades seven through twelve) with other districts in the area, including the districts of Plaistow, Kingston, Newton, Brentwood, Danville, or any two of the districts in addition to the school district of Hampstead.

Article 10. If the preceding article is adopted, to see if the district will elect two representatives to serve on an interim committee who shall prepare a financial budget for the operation of the proposed cooperative school district, and to include in the organization warrant an article calling for an appropriation for the proposed cooperative school district during the first year and such other items of business as need to be acted upon at the organization meeting.

Article 11. To see if the district will vote to raise and appropriate twenty-five hundred dollars (\$2500) to purchase approximately seven and one-half acres of land adjacent to the Central School property, now owned by Robert Vautier.

Article 12. To see if the district will vote to raise and appropriate \$1350 to provide and install a new six thousand gallon fuel oil tank at the Central School and to move the present tank to the gymnasium.

Article 13. To see what sum the district will vote to raise and appropriate to operate an additional classroom or classrooms for the 1957-58 school year.

Article 14. To see if the district will vote to raise and appropriate seven hundred dollars (\$700) to replace a room of classroom furniture to complete the Central School program.

Article 15. To see if the district will vote to raise and appropriate eight hundred dollars (\$800) to replace lighting fixtures in the upstairs classroom, halls and stairways in the high school, and the home economics room in the high school.

Article 16. To see if the district will vote to raise and appropriate nine hundred and twenty-five dollars (\$925) for two coats of paint applied in the upstairs classroom and upper and lower halls in the high school.

Article 17. To see if the district will authorize the school board to spend an amount not to exceed \$1500 of unanticipated tuition receipts to apply against current expenses for 1956-57.

Article 18. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes, as may now or hereafter be forthcoming from Federal, State, local or private agencies.

Article 19. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this fourteenth day of February, 1957.

GLENDON N. EMERSON
CHARLES B. CLARK
THERESA R. ROLLINS

School Board

The Polls will be open to vote for District Officers from 7:00 to 9:00 P.M.

The other articles of the warrant will be taken up at 8:00 o'clock.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board is operating during 1956-1957 and their proposed expenses for the year 1957-1958. It must be taken into consideration that monies appropriated in the month of March, to be used the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

TOWN OF HAMPSTEAD

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

I am presenting herewith my First Annual Report as Superintendent of your schools.

The worth of any organization is judged by the calibre of the personnel which represents it. I have found in a few months a very cooperative school board, generous in the time they give to their schools and anxious to provide the best education possible to your children.

You have an experienced principal, one who is devoted to his pupils and one who will "think clearly" at all times.

You have teachers interested in their work, professionally minded and anxious to "secure results." To me the teacher is the most important person in our school system. Progress in education is made because the pupil has a good teacher. I cannot stress too highly the importance of good teachers in the classroom. It is most essential that we keep our good teachers and hire the best qualified available when replacements are necessary.

All teachers have continued membership in local, state and national professional organizations and have attempted to keep abreast of modern practices by attendance at local and state teachers' meetings and by taking courses when possible.

Since the last town report was issued the following have taken courses:

Ethel Scott, Health, Keene, Teachers College, New Hampshire History and Colonial History and Humanity, University of New Hampshire; Claire McCarthy, Educational Psychology and Sociology, Merrimack College and Child Growth and Development, Harvard—B.U.; Charlotte Zimmer, Child Growth and Development, Harvard—B.U.; David Greenlaw, Educational Finance and Business Management, University of New Hampshire.

Speaking of personnel I want to compliment the town on the choice of men selected to work on the new building program and who are members of the Fact Finding Commit-

tee. I feel you can have confidence in their integrity and their recommendations.

According to present enrollment figures there will be forty-four students in the combined seventh and eighth grades. This will create a definite problem. Your committee is recommending an addition to the Central School to house the seventh and eighth grades and eventually make it possible for separate grades from grades one through grade eight.

If the seventh and eighth grades are transferred to the Central School this will relieve the congestion in the high school and give the high school a much needed room. At present Mr Greenlaw's former office is both a typewriting room and a classroom and the typewriters have to be placed on the floor when a regular class takes over.

Mr Robert Dolph, the helping teacher for Union No. 55 is acting as a consultant to the teachers of Hampstead and his work has proven most valuable. He is supervising the testing program, evaluating the work and making recommendations for the books to be used in the classrooms .A new arithmetic series has been instigated and the new social studies series started last year has been continued. The basic reading series has been completed. This makes it possible for continuity of the same subject field in all grades which is more advantageous.

Mr. Dolph has edited a teachers' handbook and a copy has been given to each teacher which has proven most helpful.

Your School Board has attempted to maintain and improve the physical condition of the buildings. The major improvements made to the physical plant during the past year includes

New lights in the high school 7th and 8th grade room

Painting of the seventh and eighth grade room

Painting the exterior of the gymnasium

Painting certain areas in the lower area of the Central School

Installing combination storm and screen windows in the Central School

Replacing a room of classroom furniture.

For the coming year the school board would like to continue the installation of storm and screen windows in the Central School which will be the second step of a three-year program.

Paint the main high school room and corridors

Provide better lighting for the second floor of the high school

Provide one room of moveable furniture in the Central School which will complete the program in this school.

Miss Gwendolyn Curtis continues her excellent work as school nurse-teacher for Hampstead. I have found her very much interested in the problems of the children and she is ever ready to make a home visit and her rapport with the parents is most gratifying. Her comments along with information of the music program by Mr. Warren Freeman, the music co-ordinator, and Mr. David Greenlaw, your principal, appears later in this report.

I have prepared charts to cover the Hampstead School Lunch Program, information in regard to the organization of Supervisory Union No. 55, the Bonded Indebtedness, a chart of the new teachers added to our staff this year, charts covering census and enrollment figures and the school calendar.

Appreciation is expressed for the continued support and cooperation of the Parent-Teacher Association, the Civic Club and other organizations.

In closing, I wish to thank the School Board, principal, teachers and children for their cooperation in making our work successful.

Respectfully submitted,

WENDELL V. DAVIS,

Superintendent of Schools

REPORT OF THE PRINCIPAL

To the Superintendent and School Board:

Following is my eleventh annual report for Hampstead High School:

Enrollment by grades as of December 21, 1956:

	Boys	Girls	Total
Grade 12	2	4	6
Grade 11	5	2	7
Grade 10	8	7	15
Grade 9	10	5	15
	<hr/>	<hr/>	<hr/>
	25	18	43

There has been a drop in enrollment in the high school this year due to:

1. Six pupils leaving school because of lack of interest, lack of ability, or employment.
2. Four pupils transferred to other schools. Three of these moved from town.

We have five tuition pupils from Sandown.

There are eleven pupils in grade eight and twenty-one pupils in grade seven in this building. The total of seventy-five pupils is not a problem in itself. The presence of grades seven and eight does however, limit the scheduling of high school classes to three rooms, two of which definitely are limited. The room which is occupied by grades seven and eight was the best classroom for the high school.

Three of the eleven members of the Class of 1956 have entered post secondary institutions and are doing very well. One member has entered the armed forces and the remaining seven are married or gainfully employed.

Courses of study are offered in the following curricular: Classical, General, Home Economics and Commercial. Courses of study are offered in the following subject matter areas although many are in alternate years: English, four years; Social Studies, Civics, World History, Modern European His-

tory, United States Constitutional History, Economics, Sociology; Foreign Language, French, two years; Science, General Science, Biology, Physics, Chemistry; Mathematics, General Mathematics, Algebra 1, Algebra 2, Plane Geometry, Trigonometry, Solid Geometry; Home Economics, Foods and Nutrition, Clothing and Textiles, Family, Home Management; Commercial, General Business Training, Bookkeeping, Typing, Stenography, Office Practice.

Some students who have the interest and have demonstrated the ability to profit from it, have been allowed to take a correspondence course in Mechanical Drawing from the University of Nebraska.

Extra-curricular activities have included class activities and socials, basket ball for boys and girls, baseball, cheer-leading, senior play, glee club, and the Commencement program. The senior class raises funds and spends a great amount of time in planning for their class trip. This has grown to a six day trip with two nights spent in New York and three nights in Washington. Proper planning and supervision can make this trip a very worthwhile educational experience.

I wish to express my appreciation to the Superintendent of Schools, faculty, school board, Hampstead Parent-Teacher Association, and citizens of Hampstead for the cooperative interest and support demonstrated toward the education of the youth in this community.

Respectfully submitted,

DAVID A. GREENLAW,

Principal

REPORT OF THE SCHOOL NURSE-TEACHER

The School Health Program consists of a yearly medical examination by Dr. Raymond Moore. Grades 1-3-5-7-8 and high school students participating in athletics. Notices of defects found are sent home to parents. A successful "follow up" program has been carried out with the help of parents, clinics and the school health program.

All children receive a hearing and vision test with the

same cooperation and "follow up" work through parents, school and organizations. cursory examinations are done at the beginning of school and after each vacation by the nurse-teacher. Each child is checked yearly with the Wood Lamp as a precaution against scalp ring worm; all have been negative, Color perception tests are done in grade five each year. Home visits, audio-visual programs, pre-school registration, pre-school clinics, conferences with the principal, teachers and nurse as well as the parents are held at frequent intervals during the year. The nurse-teacher is at Hampstead on Thursdays each week.

Health talks to students on such subjects at teeth, posture, grooming, nutrition, immunization programs, prevention of colds, etc. are given at the requests of the teachers or anything pertinent to health problems by the nurse.

Again this year the Polio Clinics were our major concern. This program is carried on through the State Health Department and Mrs. Jeanette Bernier, the public health nurse with Dr. Moore administrating the vaccine, the school nurse assisting.

The Vollmer Patch Test for T.B. will be done again this year early in 1957. It is hoped all will participate in this program, grades 5-12 are done and this program is carried on by the sale of T.B. Christmas seals. Miss Constance Martin, R.N. from the New Hampshire T.B. Health Department sponsors this program with the school nurse assisting.

The school nurse has also joined in field trips with the children at the request of the teachers and children. This is an excellent opportunity for the nurse to meet parents and become better acquainted with the children. Also in case of any accident the nurse is on hand to administer First Aid.

We wish to thank organizations through their interest and cooperation who have contributed in assistance of our school health program.

I wish to thank everyone at this time who have helped to make the school health program a success and extend my appreciation.

GWENDOLYN A. CURTIS, R.N.

School Nurse-teacher

REPORT OF THE MUSIC CO-ORDINATOR

I have the honor to submit my first annual report which covers the period from September to December of 1956 as co-ordinator of music for the towns of Hampstead, Plaistow, Atkinson and Newton, New Hampshire.

Under the terms of an agreement between Supervisory Union No. 55 and the undersigned a new program of music was undertaken beginning in September 1956. The purpose of this program was to offer a full and complete program of music instruction for the boys and girls in each of the towns served.

Although it is rather early to make any definite appraisal of the results of the program, certain aspects of it have been most encouraging. The instrumental music program has been well-established in three of the four communities, and a program will be underway in the fourth community early in 1957. Another important achievement has been the development of a course of study which will go into use soon as a guide for the teachers in carrying on the every day work in music in each of the towns. It is our hope that one of the results of this program will be more active participation in the music program on the part of the grade teachers in each of the towns. Unless each teacher carries forward a program of music in the elementary schools every day, a complete and well functioning program of music will not be possible.

In Hampstead, Mr. Donald Russell carries the vocal program in the grades, and has a sixty voice high school chorus. This group, which is unusual for a small school, presented the annual Christmas program on Monday, December 17. The instrumental group, under Mr. Zeigner's direction, now has fourteen players. More are expected to enroll.

The value of the instrumental music program is being shown through the active participation of the school band groups in various school and community functions throughout the year. During the past year the combined band groups in Atkinson and Plaistow have appeared at a number of important civic and school functions. This has not only been

of value to the community as a whole, but has played an important part in the development of the civic education program of the school through the boys and girls who took part in these important community responsibilities.

Plans for the balance of the year include the development of a spring music festival in each town which will utilize most of the boys and girls in the vocal classes, and the combined instrumental groups from each of the four towns in the Union. In this way, the instrumental players will have an opportunity for additional experience with a larger group, and the vocal students will have an opportunity to give evidence of their accomplishments through the year. An effort is also being made to provide band uniforms for the instrumental groups in Hampstead and the new group in Newton. When this has been accomplished, each of the four groups will have their own band uniforms.

At this time, I would like to express my personal appreciation to all of the principals and teachers and to the superintendent and the school boards for their cooperation in the development of our new music program. We will hope that we shall be able to continue to have the program grow and develop for the benefit of the musical growth of the boys and girls in the area.

Respectfully submitted,

WARREN S. FREEMAN,
Co-ordinator of Music Activity
Supervisory Union No. 55

SCHOOL CALENDAR

1956—1957

Orientation Meeting - New Teachers and Principals,

Tuesday, September 4

Teachers' Meeting, Wednesday, September 5
